## Recent Web Projects

**Spacestagram** - <https://spacestagram-react-20220115.herokuapp.com>

The App shows you an Astronomy Picture of the Day getting by NASA's free API based on the current date for default. You can choose any date and get a picture taken on that day.

You also can like or unlike pictures. The App will remember your likes even after refreshing or closing the App.

**Hobbies and interests**

- Movies. Watching movies helps me get inspiration and not be afraid to experiment at work.
- I'm an advanced backpacker and hiker. I love exploring scenic nature and the mountains around me.
- Travel: for the last 5 years I've visited 14 countries, explored different cultures, and met new friends.
- I play the guitar and sing. It helps me relax.
